

Apply First Aid (Basic First Aid)

HLTA301B

Course Objective

Participants will develop skills and knowledge necessary to provide first aid response; life support; management of casualty(s); the incident and other first aiders until the arrival of medical or other assistance.

Target Groups

Those

- required by industry to act as First Aid Officers are deemed necessary under work health legislation
- who have previously completed a Provide basic emergency life support program (or equivalent) and would like to learn more about first aid
- likely to come across accidents/incidents;
- who wish to learn first aid skills which may useful for employment purposes;
- who are interested in helping to promote health and wellbeing in the community

Assessment

A 40 question multi-choice assessment will be conducted prior to concluding the course. 3 x Practical scenario assessments (CPR; Bleeding/first aid conditions and Multi Injuries) will be undertaken progressively during the program using checklists and casualty report forms.

Participants with literacy/numeracy difficulties or physical ailments/conditions should speak with the Trainer to discuss alternative approaches.

Please note: participants should be aware this course requires them to undertake strenuous physical activity to meet all assessment criteria to a satisfactory level. It is advised that intending participants who sustain an injury after the time of booking contact ATA to postpone their training.
